What gives you this crazy thought
That you can talk to my woman?
What's your claim to fame?

What gives you half a mind
To even think her name?
What's your claim to fame? What's your name?

Gonna give you just one more chance
To make amends to my woman
You got yourself to blame

Only thing that's left to do
Is to think real hard about what you're gonna do
About your crazy game

What's your name? What's your name?
Who the hell do you think you are?
What's your game? Are you some top of the pop star?

What gives you this crazy thought
That you can talk to my woman?
What's your claim to fame?

What gives you half a mind
To even think her name?
What's your claim to fame? What's your name?

Gonna give you just one more chance
To make amends to my woman
You got yourself to blame

Only thing that's left to do
Is to think real hard about what you're gonna do
About your crazy game

What's your name? What's your name?
Who the hell do you think you are?
What's your game? Are you some top of the pop star?

What's your claim to fame?
What's your claim to fame?

What's your claim to fame?
What's your claim to fame?
