I think that you just found me out
... you just found me out
I know that you just found me out
... you just found me, you just found me out

You think you know me, but what's inside?
Ain't gonna show you, so who am I?
Don't do disclosure, I never tried
Soul Train
On an easy ride

I got no secrets, I tell no lies
But you see through me, to my surprise
I never told you my powders dry
So claimed

I think that you just found me out
.. you just found me out
Know that you just found me out
... you just found me, you just found me out

I think that you just found me out
.. you just found me out
Know that you just found me out
... you just found me, you just found me out

I live in limbo, I've got no ties
Just look at me and you'll see no files
Oh it's all out there, there's no disguise
So Claimed
On an easy ride

Slippin' and slidin'
We all make our way
Duckin' and Divin'
All the games that people play

... you just found me out
I know that you just found me out
... you just found me, you just found me out
I think that you just found me out

... you just found me out
I know that you just found me out
... you just found me, you just found me out

I think that you just found me out
.. you just found me out
Know that you just found me out
... you just found me, you just found me out

I think that you just found me out
.. you just found me out
Know that you just found me out
... you just found me, you just found me out

I think that you just found me out
