"Country Girl"

You are a girl from the country
Your eyes remind me of the sun
You came to visit in the city
And won the hearts of everyone

You are a girl from the country
Your hair is colored like the corn
I have never been outside the city
I am no friend to anyone

Country girl, won't you stay a while?
Won't you stay a while with me?
Country girl, won't you stay a while?
Let me see you smile for me

You are a girl from the country
Before you came I was alone
Please say you'll take me to the country
And let me share your country home

Country girl, won't you stay a while?
Won't you stay a while with me?
Country girl, won't you stay a while?
Let me see you smile for me

Country girl, won't you stay a while?
Won't you stay a while with me?
Country girl, won't you stay a while?
Let me see you smile for me
