She owns a bar down in San Antonio
Louisiana mama a long way from home
But don't you worry
And don't you fret
Jack man says it's as good as it gets
So just lay back and eat a peach
She's a day at the beach

She's got a Harley loves the roar
Hoochie Coochie dancer
Watch her moves on the floor
She knows the story leather and lace
She even does mornings with a smile on her face
So just sit back
Get sand on your feet
She's a day at the beach

If she's a bit out of reach
Don't worry
Don't sell yourself too short
She's a day at the beach
There's no hurry
She's the kind of girl
You can't ignore

Grab a piece of the sun
(Grab a piece of the sun)
'Cause I tell you she's alright
Make yourself No. 1
(Make yourself No. 1)
'Cause I tell you she's alright
Because she's second to none
('Cause she's second to none)
And I tell you she's alright
Grab a piece of the sun
(Grab a piece of the sun)
'Cause I tell you she's alright
She's a day at the beach

She's got some insight
She knows where it's at

Have your eye on the ball
When you get up too bat
So don't you cheat
And don't you lie
If you keep it together
It could be paradise
So just hang in practice what you preach
She's a day at the beach

If she's a bit out of reach
Don't worry
Don't sell yourself too short
She's a day at the beach
There's no hurry
She's the kind of girl
You can't ignore

Grab a piece of the sun
(Grab a piece of the sun)
'Cause I tell you she's alright
Make yourself No. 1
(Make yourself No. 1)
'Cause I tell you she's alright
Because she's second to none
(Cause she's second to none)
And I tell you she's alright
Grab a piece of the sun
(Grab a piece of the sun)
'Cause I tell you she's alright
She's a day at the beach

Grab a piece of the sun
