Call me ready, call me ready or not
And I'll say yeah! yeah! yeah!
Give it all I got
Call me in the morning, when I'm half asleep
River's runnin' high on the mountain deep

Call me deadly, call me deadly serious
And I'll say yeah! yeah! yeah!
I couldn't care enough
Call me when you want to control the vice
I'll defend your honor when you roll the dice

Do you want to play house, do you want to play house
Playin' in the house of love?
Do you want to play house, do you want to play house
Playin' in the house, playin' in the house of love

Call me over, call me over the top
And I'll say yeah! yeah! yeah!
Never wanna stop
Call me on hire when you're in your shell
Wanna be your fire, wanna ring your bell
Do you wanna play house, do you wanna play house
Playin' in the house of love
Do you wanna play house, do you wanna play house,
Playin' in the house, playin' in the house of love?

Call me never, call me never say die
And I'll say yeah! yeah! yeah!
Take me alive
Call me undercover when you bake your bread
Wanna be your lover, wanna make your bed

Do you waana play house.....
