Another bridge I have burned
A lesson I learned
One more mistake to my cause
One more hand got lost
In a game
So I was up for awhile
Livin' in style
Feelin' high on the hog

I was down

Chorus:

Now some say I lost
His other soul
How barely a young man
Can sink so low
And I don't know.....don't care at all
I had a similar dream
Of my dreams
While
I thought I had wandered a mile
I was wrong

Now I'm on the way up
When you reach the top
No way to go
And people just don't wanna know
When you're down
