Dreamin? i saw a spirit in the sky  
I'm dreamin? dreaming away again  
I felt a cold wind rushing in  
And carry me up high  
Far above the maddening crowd I fly  
It's so exciting  
Electrifying  
And I can see there's no dreams

Dreamin? i saw a strange light in the sky  
I'm dreamin? dreaming away again

I felt this power touching me  
Reelin? in my lies  
Visions came,  
My heart began to rise  
It's so exciting  
Electrifying  
I feel the sun is in my dreams

I've seen the wild side of city lights  
Walked the streets where the lightning strikes  
I've heard the thunder and I know  
But I've never had such feelings before  
In my dreams  
Dreamin? away again  
Dreamin? away again  
Dreamin? i saw a spirit in the sky  
I'm dreaming  
I saw a strange light in the sky  
I'm dreaming  
I saw a shadow passing by  
I'm dreaming  
Dreamin? away again  
I'm dreaming  
Dreamin? away again  
Dreamin? dreamin? away again  
Dreamin.....
