No feeling when you told me goodbye
No reason when you're living a lie
Don't tell me what I already know
I'm living memories of long ago
I fool myself, I deny it all
Wanna hide it away

Lost moments never caring enough
I was never good at playing it tough
Still living in my own little world
Still believing you're the only one
It's always hard, never easier
To face another day alone
Every time it rains I fall apart
I start to remember
Every single time it rains
I think of you.
