(mccafferty, sweet, charlton, agnew)  
1975 nazareth(dunfermline)ltd.

Sings a sad song for lonely women  
Sings about women to lonely men  
Sings a peace song to a soldier  
Sings about loneliness to a friend

She's a song, song singer  
Let her music touch your heart  
She's a song singer from her heart

Sings a melody to haunt you  
And some words to make you cry  
If you're sad she'll make you happy  
When you're down she'll take you high  
She's a song, song singer  
Let her music touch your heart  
She's a song singer from her heart

She's a song, song singer  
Let her music touch your heart  
She's a song singer from her heart

She's a song, song singer  
Let her music touch your heart  
She's a song singer from her heart
