I see you're trying to place me  
This ain't a face you forget  
I was right there on the cover  
Do you remember me yet?

Better the devil you don't know  
You better run for your life  
'Cause now I'm here on the outside  
And you've got nowhere to hide

Well I've been watching for years now  
From T-shirts and tattoos and passes for VIP's  
I'm big and I'm mean and I'm horny and green  
And I'm here now  
Some kind of voodoo got me on the scene

I'm No Mean Monster  
I'm finally free  
I'm No Mean Monster

You're gonna party with me now  
I'll take you out for a ride  
I got one hell of a Harley  
A Big old beast of a bike

I was right there on the cover  
Down with the rats and the bones  
And now you're gonna discover  
That I won't leave you alone

No I don't know how I got here  
I was a slave to the trade and I had no control  
Y'all thought it was nice, when I was just merchandise  
But I'm free now  
Some kind of voodoo has taken its toll

I'm No Mean Monster  
I'm finally free  
I'm No Mean Monster

My friends call me Fred

Well I've been watching for years now  
From T-shirts and tattoos and passes for VIP's  
I'm big and I'm mean and I'm horny and green  
And I'm here now  
Some kind of voodoo got me on the scene

I'm No Mean Monster  
I'm finally free  
I'm No Mean Monster
