The phone call was wrong
The i.b.m.'s have already gone
Talkin's too late
The future has ended now
Can't change our fate

So sorry now
But that don't change a thing anyhow
Let the games begin
The dealer laid hands out that no one can win

What made us this way
Something I'm doing or something I say
But could it be a fact
That I never thought I'd get caught in the act

And i, I don't know why I still keep
Hangin' around when I know that it's time
Popped the silo
Pushed the button
It's the big one this time
Doctor strangelove, we're all in your movie now
You get no change love
Your bill is too high

The threat's on it's way
The package from hell that you ordered today
Pray to your sign
Your wish has been granted this time

And i, I don't know why I still keep
Hangin' around when I know that it's time
Popped the silo
Pushed the button
It's the big one this time.
