Look out the left the captain said  
The lights down there  
That's where we'll land  
Saw a falling star burnin'  
High above the Las Vegas sand

It wasn't the one that you gave to me  
That night down south between the trailer  
Not the early one that you can wish upon  
Not the northern one that guides in the sailors

Star bright, star bright  
You've got the loving that I like  
Turn this crazy bird around  
Should not have got on this flight tonight

You got the touch so gentle and sweet  
But you've got that look so critical  
Can't talk to you baby you know I get so weak  
Sometimes I think love is just mythical

Up there's a heaven, down there's a town  
Blackness everywhere and little lights shine  
Blackness, blackness dragging me down  
Come on light the candle in this heart of mine

Star bright, star bright  
You've got the loving that I like  
Turn this crazy bird around  
Should not have got on this flight tonight

I'm drinking sweet champagne  
Got the headphones up high  
Can't numb you, can't drum you out of my mind  
And singing, "Goodbye baby, baby goodbye  
Ooh, ooh, love is blind"

Up go the flaps down go the wheels  
Hope you got your heat turned on baby  
Hope they finally fixed your automobile  
Hope it's better when we meet again, baby

Star bright, star bright  
You've got the loving that I like  
Turn this crazy bird around  
Should not have got on this flight tonight  
Should not have got on this flight tonight
