Turn on your receiver  
I'm gonna lay it on the line  
'Cause I'm a great believer  
In hangin' on to what is mine

So, come over here and listen  
I don't want you to be missin'  
What I say and I ain't gonna waste  
My time sayin' it all again

I've been hearin' stories  
In fact the word's all over town  
I've had my share of worries  
Ever since you've been around

So, come over hear and listen  
I don't want you to be missin'  
What I say and I ain't gonna waste  
My time sayin' it all again

Turn on your receiver  
There's a message comin' through

Keep your hands off my woman  
Keep your hands to yourself  
Keep your hands off my woman

Turn on your receiver  
I'm gonna lay it on the line  
'Cause I'm a great believer  
In hangin' on to what is mine

So, come over here and listen  
I don't want you to be missin'  
What I say and I ain't gonna waste  
My time sayin' it all again

Turn on your receiver, turn on your receiver  
Turn on your receiver, turn on your receiver
