Close up the bar you know the gates of the brewery
She's out there every night
And she sure ain't drinkin' tea
I love that woman, she's the best one that I had
But she's got this habit now and it sure is gettin' bad

chorus:

That whiskey drinkin' woman
Is makin' a poor man out of me

She's got bottles in the kitchen
Even got them in my bed
Most times I see her now
She's three parts out of her head
Don't know where I went wrong
I sure try to treat her right
But it sure upsets me
Seein' her juiced up every night.

chorus:

lead:

Got to solve this problem
Won't you help me find the key
The way that things are going
I'll have to buy the distillery
She just stands there smilin'
With a whiskey in each hand
Got to think of something
Don't know how much I can stand

chorus:

Got to get myself together, start workin' something out
Maybe if I tried some booze, I'd know what it's about
I love that woman, she's the best one that I had
But she's got this problem now
And it sure is gettin' bad.
