Jackie, how do angels fly?
Well, Kimberly, let me tell you how

There are times in life gifts come our way
We don't really realize til it's too late
The smile on their faces light this world
The innocence of each boy and girl

Her name was Kimberly, my precious one
And I cherish every day God gave to us
Jackie, can you read it one more time
Cause I'm not too sure how angels fly?

Just like a bird up in the sky
She spreads her wings
And now she's soaring high
She's farther than clouds can go
She's past the stars
Over the moon
And she's already broken through
Where angels live and never die
Our little Kimberly
Is finally learning how to fly

Now and then Ill hear her voice calling me
When I feel the wind blow
I know she's earned her wings
I can feel the feathers

Brush my face
She leaves behind amazing grace

Just like a bird up in the sky
She spreads her wings
And now she's soaring high
She's farther than clouds can go
She's past the stars
Over the moon
And she's already broken through
Where angels live and never die
Our little Kimberly
Is finally learning how to fly

Just like a bird up in the sky
She spreads her wings
And now she's soaring high
She's farther than clouds can go
She's past the stars
Over the moon
And she's already broken through
Where angels live, never die
Our little Kimberly
Is teaching angels how to fly
