The lights are slowly fading down  
There's no one else, just you and me  
Nothing ever changed  
I see your faces in the crowd

It seems I know each one of you  
For all my life  
I wish this night could last forever  
But it's time to go

I saw you laugh, I saw you cry  
All for one and one for all  
Nothing ever changed  
The way you sang just blew my mind

It gave me chills from head to toe  
What a glorious night  
To me it could have lasted forever  
But it's time to go

A moment in a million years  
Is all I've got for you  
A moment in a million years  
To make some dreams come true

A moment that I won't forget  
Until the day I die  
A moment in a million years  
Called life

The bus is waiting right outside  
To hit the road and once again  
I leave you all behind  
I chase another dream tonight

And by the time you'll be home  
I'll be far away  
I wish this night could last forever  
But it's time to go

A moment in a million years  
Is all I've got for you

A moment in a million years  
To make some dreams come true

A moment that I won't forget  
Until the day I die  
A moment in a million years  
Called life

A moment that I can't forget  
Until the day I die  
A moment in a million years  
Called life
