Out in the streets
The dogs are on the run, the cats are all in heat
Out in the streets
Snakes are all around you, dirty rats are on their way
They control you and they'll make you play

Out in the night
Glaring eyes in darkness, tigers wanna fight
Out in the night
Spiders all around you, spinning webs and make you pray
Tie you up and you can't get away

Bad boys running wild
If you don't play along with their games
Bad boys running wild
And you better get out of their way

Out in the streets
The dogs are on the run, the cats are all in heat
Out in the night
Spiders all around you, spinning webs and make you pray
Tie you up and you can't get away

Bad boys running wild
If you don't play along with their games
Bad boys running wild
And you better get out of their way

Bad boys running wild
If you don't play along with their games
Bad boys running wild
And you better get out of their way
Way, way, way, get out of their way

Bad boys running wild
If you don't play along with their games
Bad boys running wild
And you better get out of their way

Bad boys running wild

If you don't play along with their games
Bad boys running wild
And you better get out of their way
Way, way, get out of their way
