It seems to me a nightmare becomes reality  
The last days of the paradise are gone for you and me  
We're living in the crossfire and we'll be killed at first  
Why cannot people that we made the leaders of the  
world

Understand, that we don't wanna fight  
Understand, that we are much too young to die  
Understand, no one will survive  
Understand, that we love our life?

Can I trust the meaning of the life line in my hand?  
Which is as long as exciting hundred years, I could be  
a lucky man  
But I'm living in the crossfire, of a time that starts to  
burn  
Why cannot people that we made the leaders of the  
world

Understand, that we don't wanna fight  
Understand, that we are much too young to die  
Understand, no one will survive  
Understand, that we love our life?

Understand, that we don't wanna fight  
Understand, that we are much too young to die  
Understand, no one will survive  
Understand, that we love our life  
Understand

Understand, that we don't wanna fight  
Understand, that we are much too young to die  
Understand, no one will survive  
Understand, we love our life?  
Understand

Understand, we love our life?  
Understand  
Understand, we love our life?  
Understand  
Understand, we love our life?  
Understand

Understand, we love our life?  
Understand
