Well, I'm sitting on a stone, sitting all alone  
Daisies are rolling down the mountain  
Well see the lonesome tramp, who's living in the damp  
Nobody's in the valley

Shine on, shine on sun  
Oh, it's so cold right here  
Shine on, shine on sun  
Shine on all night long  
All night long

Baby doll, I'm sad and blue  
Glossy wings will carry you  
Well, midnight sun will never shine, these ravings of a  
fool  
You're thinking all about him all the time

Shine on, shine on sun  
Oh, it's so cold right here  
Shine on, shine on sun  
Shine on all night long, all night long  
All night long, yeah

One day baby, told you sun just fades away  
Forgot your life is fading, now he's in the grave  
Some days like drifting haze, some days like glowing  
blaze  
Some days like tides of light, some days like tides of  
night

One day baby, told you sun just fades away  
Forgot your life is fading, now he's in the grave  
Some days like drifting haze, some days like glowing  
blaze  
Some days like tides of light, some days like tides of  
night

Yeah

Traveling along a tropic highway  
Crazy as the world goes 'round and 'round  
Hallowed heaven, night or day

Burning thing has putting the sun away

Shine on, shine on sun  
Let it shine on all night long  
Shine on, shine on sun  
Let it shine on all night long
