A life begins, another's over
As another day begins
Life runs full circle, getting older
It happens to me, it happens to you

I do believe you're still around me
You're still around me all the time
I have no doubt one day in heaven
I will see you again, I'll see you again, see you again

Break the bread, drink the wine
In my heart you'll live forever
The time to go is never right
When we say goodbye

While we're here we shouldn't waste
A day in life to say I love you
It's now that I'd just wish so much
To see you eye to eye, eye to eye

When you came home the war was over
So many years before my time
I was so proud the day you told me
You haven't hurt anyone, no one

Break the bread, drink the wine
In my heart you'll live forever
The time to go is never right
When we say goodbye

While we're here we shouldn't waste
A day in life to say I love you
It's now that I'd just wish so much
To see you eye to eye, eye to eye
Eye to eye, eye to eye

Break the bread and drink the wine
In my heart you'll live forever
The time to go is never right
When we say goodbye

While we're here we shouldn't waste

A day in life to say I love you
It's now that I'd just wish so much
To see you eye to eye, eye to eye
To see you eye to eye, eye to eye

To see you eye to eye
To see you eye to eye
To see you eye to eye
