Take your hand and you take my hand
Let's try to learn to fly
Here what I say, here what I say
Dream and close your eyes

Too much hate, too much hate
So many things are wrong
So many ways, so many ways
Flying through the sky forever into another time

Yesterday so far away
Many miles together were looking for a way
Day by day, so far away
All the world to do the same

So we go together
Will you show me the way
Time has gone, it has gone
Far away, far away

And today
I'll see a way
Follow me, we love you
Just listen, what I say

Forget your name
And yesterday
Put out your hand
I'll do the same

Now were going to another land
Will you show me the way
Time has gone, it has gone
Far away, far away
