Hey baby, listen up, I'm not in love with you
You keep runnin' off at the mouth
And someone else can scratch my back
And I could care less about your legs

I just wanna see 'em walk all over me
I'm runnin' out of patience and I ain't gonna say it twice
The world out there is down an' dirty, honey
And I just hate to be nice

So don't think about movin' any closer, baby
Just forget about it, you body may be a weapon on legs
But hey, I'm not fallin' for that
Don't you get it? I'm not impressed at all

I just wanna see you crawl all over me
I'm runnin' out of patience and I ain't gonna say it twice
The world out there is down an' dirty, honey
And I just hate to be nice

Don't you understand? Don't you understand?
Tell me when your eyes say yes
How can your lips say no?
A girl like you shouldn't be surprised

It's just I hate to be nice, I'm runnin' out of patience
And I ain't gonna say it twice
The world out there is down an' dirty, honey
And I just hate to be nice
