Sometimes there's a time  
You must say goodbye  
Though it hurts you must learn to try  
I know, I've got to let you go

But I know, anywhere you go, you'll never be far  
'Cause like the light of a bright star  
You'll keep shining in my life  
You're gonna be right

Here in my heart, that's where you'll be  
You'll be with me, here, here in my heart  
No distance can keep us apart  
Long as you're here in my heart

Won't be any tears  
Falling from these eyes  
'Cause when love's true, love never dies  
It stays alive forever

Time can't take away what we had  
I will remember our time together  
You might think our time is through  
But I'll still have you

Here in my heart, that's where you'll be  
You'll be with me, here in my heart  
No distance can keep us apart  
Long as you're here in my heart

I know, you'll be back again  
And till then, my love is waiting

Here in my heart, that's where you'll be  
You'll be with me, here in my heart  
No distance can keep us apart  
Long as you're here in my heart

Here, here in my heart, that's where you'll be  
You'll be with me, here in my heart  
No distance can keep us apart  
Long as you're here in my heart
