I am a man, and trying to understand
The reason I'm lost in this world tonight
I was blind, I just couldn't see the signs
I'm caught in your web of lies

It's too dark to sleep
Too late to pray
Too hard to reach
Too much to say

You were once a friend to me
Now you are my enemy
Passion turns to hate and you make
Hate worth fighting for

I will rewrite history
And you will not exist to me
On the day you crossed the line
I found out love is war

Life goes by
Faster than lightning strikes
Crashes before you can say goodbye

Too scared to run
Too proud to hide
Too far to fall
Too high to climb

You were once a friend to me
Now you are my enemy
Passion turns to hate and you make
Hate worth fighting for

I will rewrite history
And you will not exist to me
On the day you crossed the line
I found out love is war

I laid down my defenses
I opened up the door
I gave you what you wanted

I couldn't give you more

And I give you everything
You said it's all or nothing
To you it's just a game
A game you're never losing

You were once a friend to me
Now you are my enemy
Passion turns to hate and you make
Hate worth fighting for

I will rewrite history
And you will not exist to me
On the day you crossed the line
I found out love is war

You were once a friend to me
Now you are my enemy
Passion turns to hate and you make
Hate worth fighting for

I will rewrite history
And you will not exist to me
On the day you crossed the line
I found out love is war, found out love is war
