They're watchin' me, they're watchin' you  
Takin' all the world under control  
They make you laugh, they make you blue  
In the end they try to eat your soul

Satellites transmit the latest thrill  
We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

A purple flash, the biggest crash  
Totally in tune around the world  
They take you high, they make you cry  
We are at the point of no return

Satellites transmit the latest thrill  
We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

Over and over and over  
Over and over and over

Satellites transmit the latest thrill  
We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

Satellites transmit the latest thrill  
We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

Over and over and over  
Over and over and over

Satellites transmit the latest thrill  
We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

Satellites transmit the latest thrill

We can't escape the media overkill  
Satellites transmit the latest thrill  
We can't escape the media overkill

Satellites transmit the latest thrill  
We can't escape the media overkill
