The lights are slowly fading down
There's no one else, just you and me
Nothing ever changed
I see your faces in the crowd

It seems I know each one of you
For all my life
I wish this night could last forever
But it's time to go

I saw you laugh, I saw you cry
All for one and one for all
Nothing ever changed
The way you sang just blew my mind

It gave me chills from head to toe
What a glorious night
To me it could have lasted forever
But it's time to go

A moment in a million years
Is all I've got for you
A moment in a million years
To make some dreams come true

A moment that I won't forget
Until the day I die
A moment in a million years
Called life

The bus is waiting right outside
To hit the road and once again
I leave you all behind
I chase another dream tonight

And by the time you'll be home
I'll be far away
I wish this night could last forever
But it's time to go

A moment in a million years
Is all I've got for you

A moment in a million years
To make some dreams come true

A moment that I won't forget
Until the day I die
A moment in a million years
Called life

A moment that I can't forget
Until the day I die
A moment in a million years
Called life
