Yeah yeah
Yeah

I thought I knew you, baby
But seems that I don't, I don't know you at all
One thing is for sure, you're so bad

And then again, when you kiss me, baby
You know it's got the taste
The taste of an eternal life
I want you to feel the taste of life
Ooh yeah, ooh yeah, yeah

This moment in time
I hear the call of a siren
This lady is quite
Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

If my life were a glass of water
Filled by the rain from a velvet sky
I want you to drink
Because your lips are dry

This moment in time
I follow her blind
This lady is quite
Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

This time I thought I got you, baby
But you slipped away
And I thought that I'll see you and I'll die

This moment in time
I'm losing my mind
But she remains quite
Mysterious

I'm crossing the line
I will follow her blind
This lady is quite
Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

Yeah
Yeah

I want your mind to lock in
I want your mind to lock in

I want your
I want your mind to lock in

I'm losing my mind
I hear the call of a siren
This lady is quite
Mysterious

You're so bad
You're so bad
Mysterious

I want your mind to lock in
I want your mind to lock in
I want your mind to lock in

I thought I knew you, baby
I thought I knew you, baby
I thought I knew you, baby

But I don't know you at all

It's got the taste you know
It's got the taste you know
It's got the taste you know

I want your mind to lock in
I want your mind to lock in

Of an eternal life
