In every corner of my memory
There's no place you wouldn't be
If anything, I wish I had
Another dream with you

Life was forever yesterday
Nothing in the world could take your love away
Will I ever know that time will ease the pain
For me someday?

She said, "I won't leave you ever
Just love me forever"
She said, "You can leave but never
Walk away"

Lights reflecting in the evening sun
Back to the place where we were one
Soul mates forever, about to chase
Rainbows in the dark

Another day to destiny
Come on and set me free
When I close my eyes, I see your smile
As I walk in the pouring rain, I call your name

She said, "I won't leave you ever
Just love me forever"
She said, "We will be together
Someday"

She said, "I won't leave you ever
Just love me forever"
She said, "You can leave but never
Walk away"

I can see a million faces
When I take a walk outside
But I just never knew
That I could go a million places
And I'd see always, only you

The loneliness crawls up on me

Without you there's no me
At any time or any place
But time will ease the pain
For me someday, oh yeah

She said, "I won't leave you ever
Just love me forever"
She said, "We will be together
Someday"

And she said, "I will wait forever
I won't leave you ever"
She said, "You can leave, but never
Ever walk away"

Don't walk away
No no no, no no, don't walk away
I'll be waiting, I'll be waiting, always
Until you wake up from this dream
Someday
