Lyrics:klaus meine

Ah, you turn me on
I've been the biggest fan of yours
Ah, ah there's something more
So much more baby

Ah, I can't be cool
It's getting stronger every day
Well, yeah, pictures of you
I cut them out, baby

Give me the long faced girl on the magazine
Show me the white rolls royce in the rain
Give me the long faced girl on the magazine
Show me the white rolls royce in the rain

I can't get enough
Too hard a body drives me mad

Oh yeah it's like a drug
Suspender love, baby

Give me the long faced girl on the magazine
Show me the white rolls royce in the rain
Give me the long faced girl on the magazine
Show me the white rolls royce in the rain

Ah, ah, oh yeah
Ah, ha, ah, ha, ha
Oh baby yeah

Give me the long faced girl on the magazine
Show me the white rolls royce in the rain
Give me the long faced girl on the magazine
Show me the white rolls royce in the rain
