Yeah, let's fly away from here  
And scream if you like it  
The world out there disappears  
Tell me, are you excited?

S-s-so let's rattle and roll and shake  
The sweat hits the ceiling  
Tonight we will slip away  
Just rocking and reeling

Beyond the point of no return  
The fever's rising 'til we crash and burn  
There's something in my veins that is thicker than  
blood  
Nothing in the world, this is all we've got

So come on  
If you wanna feel the sting  
Come on, come on, come on, come on  
Come on, baby, shake that thing

I'm gonna turn you on  
Yeah, yeah, I'm gonna turn you on

Yeah, let's celebrate all night  
We're starting all over  
You turn me into a wild  
And hard rock 'n' roller

Into the light out of the dark  
A passion never known invades my heart  
The universe is rocking like heaven and hell  
If I'm coming back, hard to tell

So come on  
If you wanna feel the sting  
Come on, come on, come on, come on  
Come on, baby, shake that thing

Mama, mama, mama, rock on  
And let the show begin  
I wanna turn you on

So come on  
If you wanna feel the sting  
Come on, come on, come on, come on  
Come on, baby, shake that thing

Mama, mama, mama, rock on  
And feel the sting

Come on, come on, come on, come on  
And let the show begin  
I'm gonna turn you on  
I wanna turn you on, yeah, yeah  
I'm gonna turn you on

Live it up, all that we can give it  
We never stop, take it to the limit  
Live it up, all that we can give it  
We never stop, take it to the limit  
Turn you on
