Under suburban skies
Where life is bleeding
Where concrete skies are gray
There's plenty of room for dreaming

I still keep coming here
Follow those traces
I travel back in time
Remember all those places

Feels like I never left
The house's still standing
Down by the river where
The dreams are never ending

You find me, you find me
You find me by the river
You find me, you find me
You find me where the river flows

Under the silent moon
This industrial city
Is heartland even though
The life's been not that pretty

I still keep coming here
To that old river
To find my roots just where
The future lives forever

You find me, you find me
You find me by the river
You find me, you find me
You find me, you can find me

By the river
Where dreams will never die
And by the river
Under suburban skies

And by the river
Where dreams have never died

By the river
I look through children's eyes

You find me, you find me
You find me by the river
You find me, you find me
You find me where the river flows

You find me, you find me
You find me by the river
You find me, you find me
You find me where the river flows

Where the river flows
Where the river flows
Where the river flows
