Close to your dismay  
Fashion-eaten day after day  
Viscous, cold like an autumn rain  
You're only a putrefied brain  
- Empty inside -

A worm does not live; eats to exist never sees the  
Light  
You're the same: unconscious, living through material  
That way you lost contact with yourself, with your soul  
You even lost your pride  
- Empty inside -

Purple skies, a warning for your lives

No more gods above you  
Now you know they lied to you

If only you could delete this worldwide tragedy  
A programmed genocide and a total reverse of  
Humanity  
The shit round you is the result  
The common denominator  
Human race still in reverse  
- Empty inside -

No more gods above you  
Now you know they lied to you

There is no way out of here You still mesmerize  
The rapture is complete  
Caught in Chaos, a society of casts,  
That never stopped to be  
You fell in the Pandemonium  
Caught in the vortex of the time: the Spiral Eternal
