We are the ones  
We put a spell on you  
Your life will go on and on  
From dusk till dawn  
Celebrate the night

You've been looking for attraction  
We go deeper than that  
Couldn't get no satisfaction  
Gonna show where it's at

Felt us move in the corner of your eyes  
Saw us dance irresistible disguise  
Come on groove in the heat of the night  
Welcome in

'Cause we are the ones  
We put a spell on you  
Your life will go on and on  
From dusk till dawn  
Celebrate the night

Living our lives in sin  
Kissing your velvet skin  
Stay with us forever more  
But not before  
We celebrate the night

You've been looking for a sunrise  
I go deeper than that  
So quit pretending that you're cold as ice  
I know you better than that

Felt you move in the corner of my eye  
Saw you dance irresistible disguise  
I wanna groove in the heat of the night  
So count me in

'Cause we are the ones  
We put a spell on you  
Your life will go on and on  
From dusk till dawn

Celebrate the night

Living our lives in sin  
Kissing your velvet skin  
Stay with us forever more  
But not before  
We celebrate the night

Let's celebrate the night  
Let's celebrate the night  
Let's celebrate the night  
Let's celebrate the night

Let's celebrate the night  
Let's celebrate the night  
Let's celebrate the night  
Let's celebrate the night

'Cause we are the ones  
We put a spell on you  
Your life will go on and on  
From dusk till dawn  
Celebrate the night

Living our lives in sin  
Kissing your velvet skin  
Stay with us forever more  
But not before  
We celebrate the night

We are the ones
