

Alcazar "Chemistry"

Visit "[Chemistry](#)" on MotoLyrics.com

Hey you, standing in the corner, looking like a loner
Don't you want to be mine
Hey you, dancing like a zombie, feel the rhythm like me
Don't you want to be mine

You know it's Saturday tonight, I got the fever
(Fever)
And when the music take control, you got to be there
(Be there)

Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry

Hey you, put your hands on my hips, music's loud so
read my lips
Don't you want to be mine
So you, I knew the second I saw you, you and I are just
so cool
Don't you want to be mine, mine, mine, mine

'Cause when I look into your eyes I know you got it
(Got it)
And when you look into my eyes, you know I want it
(Want it)

Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry

Good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry

I think I'm in love, I think I'm in love
I think I'm in love, I think I'm in love

You know it's Saturday tonight, I got the fever
(Fever)

And when the music take control, you got to be there
(Be there)

Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry

Good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry

I think I'm in love
('Cause you and I make)
I think I'm in love
(Chemistry)
I think I'm in love
('Cause you and I make)
I think I'm in love
(Chemistry)
