Fasten your seatbelt
It's gonna be a bumpy night

Baby - I just couldn't believe my eyes
when passion walked thru the door tonight
Baby - you're like an angel in disguise
that makes it all seem to feel so bright

If you think you're too pretty to get up and dance
you're losing your grip
You gotta take your chance
and put on that shining light

You better get it tonight tonight
'Cause we're gonna click your heart
It's gonna happen tonight tonight
We're gonna click your heart
You better get it tonight tonight
'Cause we're gonna click your heart
It's gonna happen tonight tonight
We're gonna click your heart

Honey - they're all looking at their delight
You've got that easy-going look of a beauty queen
Honey - you've got a licence to dance tonight
Just use it or you will lose it fast

You gotta get up and move - get in the groove
and turn it around
Show 'em what it takes
to turn it all upside down

You better get it tonight tonight Â...

Let's get it - let's get it
Oh we're gonna make it tonight
Let's get it - let's get it
Oh we're gonna make it tonight
Let's get it - let's get it
Oh we're gonna make it alright
Let's go let's go
You know tonight is the night

You better get it tonight tonight Â...
