Did I hear you crying in your sleep?  
Did you feel like you were all alone?  
Well, it must have been a real bad dream  
You should know I'd never let you go  
And as long as, you've got eyes to see  
You will always know just where I'll be

Here I am by your side  
Just one kiss away  
Here I am day and night  
And this is where I'll stay  
Through the rain or come what may  
Baby, here I am

Don't you think that I can tell by now  
I know all the words you never say  
And I wish, I could explain somehow  
You don't ever have to feel that way  
You believe one day, you'll find me gone  
But when everything is said and done

Here I am by your side  
Just one kiss away  
Here I am day and night  
And this is where I'll stay  
Through the rain or come what may

Here I am  
(You know I'll always need you)  
By your side  
(Forever and ever)  
Just one kiss away  
(I will be here with you)

Here I am  
(You'll never have to worry)  
Day and night  
(I'll be by your side)  
And this is where I'll stay  
(Forever and ever)  
Through the rain, come what may  
Baby, here I am
