I watch the sunrays always dancing on the clouds
I share that feeling healing seep inside my heart
But when the night falls crew calls
Bells ring in the dome
You'll hear me whisper softly
Salome come home
Life is fantastic drastic
Charming wide appeal
Life can be magic tragic
But always comes for real
Go through the motion notion
Spend your life alone
But don't destroy your chances
Salome come home
I want to feel you
Help you carry on
Come let me heal you
Salome come home
Salome come home
Salome come home
I write you a letter
Better tell you how I feel
Why stay so lonely
Only to keep your life surreal
You may escape your hometown
Go down on your own
To concrete jungle drum sounds
Salome came home
I called the monastery
Asked to hear your voice

I've seen your new sun fairy
But gurus leave no choice
So put the past behind you
It's time to let things go
And take your dearest nearest
Salome come home
I want to feel you
Help you carry on
Come let me heal you
Salome come home
Salome come home

Salome come home
I watch the sunrays always dancing on the clouds
I share that feeling healing deep inside my heart
But when the night falls crew calls
Bells ring in the dome
You'll hear me whisper softly
Salome come home
Life is fantastic drastic
Charming wide appeal
Life can be magic tragic
But always comes for real
Go through the motion notion
Spend your life alone
But don't destroy your chances
Salome come home
Salome come home
Salome come home
Salome come home
Salome come home
