Verse 1:

I still remember when music got into my heart  
Someone was telling me there's someone singing  
the way things are  
I couldn't believe the first moment  
That music could sound like you do  
I'm paying my tribute for loving like I do  
'Cause knowing you was knowing me

Thank you for the joy that you gave  
Thank you for glimmering night and day  
Thank you for the songs we sing and play  
You created history  
For all the world and for me oh-oh  
I wanna thank you for the joy you gave

Since I remember was always a happy new year  
No one had ever been singing their music so bright  
and clear  
Though we never admitted we loved you  
The future was telling the truth  
when dealin' was done all the doubts they were gone  
and the winner waved so long

Chorus:

Thank you for the joy that you gave  
Thank you for glimmering night and day  
Thank you for the songs we sing and play  
You created history  
For all the world and for me oh-oh  
I wanna thank you for the joy you  
thank you for the joy you gave

Thank you for the joy that you gave  
Thank you for glimmering night and day  
Thank you for the songs we sing and play  
You created history  
For all the world  
and for me oh-oh  
I wanna thank you

for the joy you  
thank you for the joy you  
thank you for the joy you  
gave
