Ooh I wanna let you know that I'll always love you baby

(Angelina)

Sometimes I think about (come on)

Everything that we been through

And I pray that you would just open your eyes (NB

Ridaz)

I love you (I love you baby)

(Magic) I love you too girl

And I need you (and I need you too)

So please don't throw our love away (don't throw our
love away)

(Magic) Forgive me girl

Since the day you and I snuck away to be alone

I knew from that night somethin special went on

It musta been the first kiss

You told me that nobody else in the world made you
feel this

I felt the same way too but nothing stays the same

I'm sorry for the tears, I'm sorry for the pain

You were the one that always made things right

I promise you this though, you got a friend for life

Maybe one day we can try it again

And maybe things can be a lil different

So let's just kiss and say good-bye

'cause I really can't stand the pain of seeing you cry

(Chorus)

I've given everything (given everything)

I loved you endlessly

But when it comes to me

You don't even notice (forgive me baby) me

I've given everything (yea)

I loved you endlessly (ooh)

But when it comes to me

You don't even notice me

All that is mine is yours, that's what I said

Treat you with love and respect in every way

You want it, I gave

You need me, I was there
Now you treat me like if I'm not here
I love you and I need you
Don't wanna let go
If you want somebody else please let me know
Can't take it no more, I feel I'm dying inside
Is this the price I pay for handing you my life
I know I'm not perfect but I truly cared
So when you wake up one morning and I'm not there
Just remember I loved you
It will never be the same
Gave you everything and you threw it all away
Oooh...

(chorus 2)

I've given everything (given everything)
I loved you endlessly
But when it comes to me you don't even notice me
I've given everything (yea)
I loved you endlessly (oooh)
But when it comes to me you don't even notice me

I gave you my good and my bad
My heart and my soul, my trust, my money, my time
What more could you ask from a man?
Even when times were hard I held out my arms and
held you
Even accepted you through whatever weather
But now I feel it, we're at the end of the road
And whatever we had, now I gotta let go
Night's like this I wish raindrops would fall
To cover my tears
Wishin I could replace all those wasted years
Of lovin someone who couldn't love me back
And now, again I gotta start from scratch
But I know I've given you my everything

(Chorus 2)
