One for the money, one for the lady  
Two is the price to make the style of the day  
Six days awaiting, now it's together  
All that's forgotten can be picked up along the way  
I'm of single mind, you know  
I know what I want and I know what you need  
You're looking at me  
You're looking at the man home free

Got to get into that old time lovemaking  
Old time, old time making of love

Time for the lady, time for the master  
Time is awaistin' 'til it's time to get down  
Fire on the heart side, love in the vinyards  
Run down the reasons why we bother to stay around  
I believe by now we know  
My head is a song and my soul is a wire  
My heart is a fire  
I,m burning up with that desire

Let's go down, now everybody's waiting there  
Nobody's done a thing like this before  
Do it again  
When you're standing on the floor  
It's all together two in love (I love you)  
Send [...] where it is impossible  
Hold my hand, hold my hand  
I gotta get away from here

Play it by ear now, play it by ear  
Please start it once and then play it by ear  
Please start it once again, play it by ear now  
Can't quite remember when my brother told me to hear  
What did he say?  
I wish that he were here today  
To see me digging that old time love making
