Special dedication for all the ladies
Out there in this whole world looking for
That perfect man.

When i was a little girl,
I would sit and dream,
Hopin' I would find,
Find the perfect man
Now that i can see,
True reality
Tear drops fill my eyes,
Cuz there is no Perfect man

It seems like everyone in this world is lookin for
perfection
But how do we find something that doesn't exist?that
don't exist
Know what I'm saying?
I would give my life for you, no matter what the
Situation last days of hope, trials and tribulations
Frustrations, killin every woman and man
If you can see what i see, then you might
Understand that i could never be a perfect man,
Up in this chaos a soul, with a musical
Dream like adeus
I've given everything, sweat, blood 'n tears
And made a vow to the lord to stay for a million
Years i guess too much is never enough,
When the silence in our souls begins to erupt
So forgive me girl, if i ruined your plans
Cuz i can only try, but never be a perfect man

When i was a little girl,
I would sit and dream,
Hopin' I would find,
Find the perfect man
Now that i can see,
True reality
Tear drops fill my eyes,
Cuz there is no Perfect man

[talking over chorus]Yeah dedicated to my little girl,
daddy loves you Deja.

11/98, god blessed me with a perfect baby girl,
Such in perfect world,
I cried when she took her first breath
Why god? when the world is filled with such hate and
disease
Most fought over seas, and weather catastrophes,
Fall into this new millennium,
She'll be one and a half, too young to
Understand and lord knows, this man and
His lives aren't perfect,
My mistakes are her learning points
Hopin she can learn from them
So many caught up
In the fast lane
Lovers of themselves greed or lust
Her little hand guidance, man
Her little heart, holdin on my trust
I'm at an awe with my destiny
I can't believe im staring gods master piece
Face to face, you'll never
Understand how much you've changed this man
Who has to learn from scratch.
On how to raise a woman
Cuz if perfection is needed, i guarantee to be
Everything she dreams

When i was a little girl,
I would sit and dream,
Hopin' I would find,
Find the perfect man
Now that i can see, (yea)
True reality (this goes out ...to the girl that i love)
Tear drops fill my eyes,(i love you baby..best
Believe that)
Cuz there is no Perfect man

It's been some time and me and you are like shinin'
Who'd imagine, it'd be you i'd be findin'
Some one so real, who took care'my heart
Anybody, if they'd try, couldn't' pull us apart
You were there from day one, til this present time
Working hard for the money when i couldn't get mine
You should be the definition of what love really is
I know every man wish their girl was like this
I put you through some things,
Best believe that i'm sorry
My love goes out to you, no one fits your category
You don't' talk back, and respect what i say.

Independent, strong woman
No time for child's play
Deserve more than i got
And you still stick around
I'm not the perfect man
But for you, i'll bow down.
I wanna be your man til the lord takes us to the clouds.
Ain't no perfect man, but perfect women are
around.....

When i was a little girl,
I would sit and dream,
Hopin' I would find,
Find the perfect man
Now that i can see,
True reality
Tear drops fill my eyes,
Cuz there is no Perfect man
