Its the ridaz (yeah)
Im looking for that special girl
My super woman

Dear lord
On my knees can you hear my prayers
Is she really out there i need to know
Cause my whole life ive searched the whole world
Looking for that special girl

Dear lord
On my knees can you hear my prayers
Is he really out there i need to know
Cause my whole life ive searched the whole world
Let me be your special girl

Cant wait to see your face and the way that you smile
The one to hold tight when your days are down
If you need a shoulder you can count on me
That's the kind of man that i wanna be
Are you out there let me know i searched the whole
wide world
Until i find that someone
My special girl
If you know who you are just make yourself see
I need that super woman that only exists in my dreams
Keep you warm and close kiss from your head to your
toes
As our feelings keep growing and will never get old
Take a chance with my love baby i want you so bad
Cause real love is something that i never had
I know I'll find you someday
My heart will never give up
Soon we will be together and no longer apart
'til that day it comes
Ill be searching for you
Just remember pretty girl
This rida loves you

Dear lord
On my knees can you hear my prayers

Is she really out there i need to know
Cause my whole life ive searched the whole world
Looking for that special girl

Dear lord
On my knees can you hear my prayers
Is he really out there i need to know
Cause my whole life ive searched the whole world
Let me be your special girl

I need someone who's gonna be there for me
A real woman who understands, and loves and
respects a man
And knows sometimes that i can't be at home
Ill never lie and deceive you always trust and believe
you
Are you really out there i need to know
Im tired of the lonely nights
Cause all i want is a happy home
And to see you and me smiling
For the whole world to see
Cause all i really need
Someone who's gonna ride for me
No matter the situation that we facing
You'll be by my side
Ready to lay it all on the line
All im asking for is your love and affection
Your hugs and kisses just to know you miss me when
im gone
And when i need you the most you're just a phone call
away
My best friend on the other end
Telling me everything will be okay

Dear lord
On my knees can you hear my prayers
Is she really out there i need to know
Cause my whole life i've searched the whole world
Looking for that special girl

Is he really out there i need to know
I've been sittin' and waitin' here all alone
Turn my dreams into reality
Lord i've been waiting patiently
Someone to hold me when im afraid
To protect me and comfort me everyday
To stand by me and believe in me
Forever on my knees i pray

Dear lord
On my knees can you hear my prayers

Is she really out there i need to know
Cause my whole life ive searched the whole world
Looking for that special girl

Dear lord
On my knees can you hear my prayers
Is he really out there i need to know
Cause my whole life ive searched the whole world
Let me be your special girl

Yeah, Lord, just help me find her
You're my special girl
I know you're out there
