Hi everybody, we're the Nazz from Philadelphia
Home of the tuna fish hoagie
In Philadelphia, we do a little thing called loosen up
It goes like this

First we loosen up on the drums
Okay now we loosen up on the bass
All right let the guitar player fall in
Now then, now then, the organ player

Get, get loose everybody, do the loosen up
You can do it now, ain't nothing to it
Loosen up baby, get loose, hang loose baby
Hang loose mother hang loose fungo bat
