There is only one winner  
There is only one prize  
Whoever gets your heart is the winner

There is only one winner  
I'm at war with a man that I still haven't seen  
It's a fight for life, if I lose you I'll die  
Somebody's got to lose you and that's why

There is only one winner  
There is no second place  
I only know I must be the winner

There is nothing to lose but the sight of your face  
I can't stay around if I know you're not mine  
Somebody's gonna be lost in your mind

There's a line I don't want to have to follow behind  
And I just can't see myself  
Not hugging you, loving you

There is only one winner  
You're the one to decide  
You've got to tell me who is the winner

Tell me who gets the broken heart, who gets the bride  
Not a thing I can do it depends upon you  
But nobody wants to win more than I do

I can't lie and I'll do anything  
To show you my side  
I won't lie, no I won't lie  
I'll do anything to bring you over to my side

Take your time, take your time  
If you want all my time is yours  
Time is yours, time is yours  
To make me the winner

Make me the winner  
Make me the winner  
Make me the winner
