One of my friends went flying by
He at first didn't see me there
He said that flying got him high
I at first said, "I didn't care"

I can wait 'til my time comes around
With my feet on the ground

When I get my plane
When I get my plane
When I get my plane
When I get my plane

Porsches and Jaguars are a bore
I don't think trains are here to stay
I don't like taxis anymore
I don't think buses are the way

And as Wilbur and Orvill have said
"I think cycling's dead"

When I get my plane
When I get my plane
When I get my plane
When I get my plane

When I get my plane
When I get my plane
When I get my plane
When I get my plane

When I get my plane
When I get my plane
When I get my plane
When I get my plane
