How long has it been, shall we get into it again?
Excuse, our disgrace we've had no time to paint the
place
The dog is always barking at the mailman

I won't waste your time with my revelation
Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How bout maybe, it's all been in my head
Hey world I'm tired of this black & blue, black & blue

My dear, come again, your voice is fading out and in
Out of the laundry bin, I found my innocence again
The dog is always barking at the mailman

I won't waste your time with my revelation
Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How bout maybe, it's all been in my head
Hey world I'm tired of this black & blue, black & blue

Hello my friend, I see you're back again
Hello mystery, don't bother to explain
How bout maybe, it's all been in my head
Hey world I'm tired of this black & blue, black & blue
