I just wanna let you know that this one's for my baby,  
baby, baby girl

this is for my baby girl  
because you never let me down  
she's my only girl (you are my world)

This is my baby girl  
for my baby girl  
(cause you and I were meant to be together, forever  
my baby girl)

I been looking all my life  
trying to catch sumtin I could call my wife (I could call  
my wife)  
I been through a few but I know this gon' last (why?)  
Cause she dun even care bout what I did in the past  
(oh)  
I do some dirt she coming wit me (she comin wit me)  
I go to jail she'll come and get me (Come and get me)  
Bail me out and get me back on my feet (Back on my  
feet)  
Same night I'll be back on the street (On the street)  
From day one I was in love with your game  
Let's buy a house and put it in yo name (Yo name)  
See I got problems from tax evasion (I.R.S.)  
But you bank account is so amazing (So amazing)  
My ex broads used to flip they lids (Flip they lids)  
But you dun even trip  
You'll even watch my kids (Watch my kids)  
About the sex it's Oh so groovy  
Let's live happily ever after like they do in the movies  
(In the movies)

this is for my baby girl  
because you never let me down  
she's my only girl (you are my world)

This is my baby girl  
for my baby girl  
(cause you and I were meant to be together, forever  
my baby girl)

In my joy in my pain when I'm wit you I'm high  
Without you der ma leaves me aching inside  
When I'm gone there you are back bone for support  
If I was broke I already know that you would put in some  
work  
Do anything for you baby, anything for your papi  
Send shouts at anybody, take the rap if they on me  
And my name over your kitty signifies that your mine  
Little cursive fast letters spelling out Gemini  
In the dark love sparks  
Thug love in your heart  
Not making love to Al Green shit we bumpin Tu Pac  
Cause I'm a rider, you my rider  
We gonna be together til somebody diesuh  
And god willing it won't be for a while  
But if tomorrow never comes let me cherish this now  
And this one here it ain't for the world  
This is for my baby girl whu?

this is for my baby girl  
because you never let me down  
she's my only girl (you are my world)

This is my baby girl  
for my baby girl  
(cause you and I were meant to be together, forever  
my baby girl)

You kept it real never was frontin  
Got wit me when I was less then nothing  
Didn't care that I was sleeping in mi caruha  
You always knew it would be better in tha futua  
Bought me clothes before I hit the road  
Atm and cash she would let me hold  
Never wanted your boy out yo life that  
We broke up a few times but you'd always took me  
right back  
I got caught a couple of times  
You even help me write a couple of rhymes  
Laced me up wit my espanol  
A million dollars we gon' reach that goal  
You stuck by me through thick and thin  
Never pressused me to get up off the gin  
We was happy just livin in the ghetto  
Always made me feel like sumtin baby te quiero

This is for my baby girl  
Because you never let me down  
She's my only girl (you are my world)

This is my baby girl  
For my baby girl  
(Cause you and I were meant to be together, forever  
my baby girl)
