Why would you lie to me?
im sorry baby
After all that we've been through,
i know ive been lies
After the love that I gave you,
I just need you to trust me

How could i trust you
c'mon
How do I move on
i know..
When all you do is tell your lies,
Your killin me inside.
just 1 more chance baby
Why would I take you back
please
So many sleepless nights
We had a good thing but you threw it all away

They say you don't know what you got until it's all gone
I wish I never had to sit down and write this song
But baby girl, if I could turn back the hands of time
If I could press rewind, live it one more time
I wouldn't do the things i did,
I take back what I said,
I never break a promise
If you take me back again.
Everyone deserves a second chance and this is it,
So reach inside your heart and be compassionate girl,
Did you forget the way we use to love each other,
The way you told me that you could never love another
Damn, it's like im begging just to stay alive,
I love you girl and I need you by my side

You could tell your lies
I don't really care what you feel inside
All you ever did was make me cry
Maybe one day you'll realize
That you had a good girl in your life

I don't really care what you feel inside
All you ever did was make me cry

Maybe one day you'll realize
That you had a good girl in your life
I know you really don't mean the things
You sayin right now
Baby (c'mon girl)
See all I need is one more chance
To show you that I never gonna do you wrong again
Please girl c'mon

I still remember promises of making it together
Forgive and forget
We can still be forever
The key to my happiness,
My life is in your hands,
I'll do whatever just to kiss your lips again.
Come close to me girl,
So you can feel what im sayin
Im serious and I can't take it,
No more playin.
Today is the first day of the rest of my life,
I wanna spend every moment with you
Makin it right and I know
that maybe this can take a long time and
I know that it's always in the back of your mind but
I know that you deserve the stars in the sky
So if you give me one last chance
I'm never making you cry

You could tell your lies
I don't really care what you feel inside
All you ever did was make me cry
Maybe one day you'll realize
That you had a good girl in your life

I don't really care what you feel inside
All you ever did was make me cry
Maybe one day you'll realize
That you had a good girl in your life

How could i trust you
How do I move on
When all you do is tell your lies,
And killin me inside.
Why would I take you back
So many sleepless nights
We had a good thing but you threw it all away
