ooooooooo(background)  
how u doin sweat hearts  
hey ya u know this last few months we been together  
happened so right  
n im juz so happy for what we share  
ive been wonderin how do u feel??

Chorus:

i wanna get lost in luv with u, con quien?  
n do all the things u want me to  
caress ur body touch ur soul  
cuz boy our luv is so (n i luv u too baby)  
i wanna get lost in luv with u  
n do all the things u want me too  
caress ur body touch ur soul  
cuz boy our luv is so...

the luv we share is something so especial  
estar contigo is all i wanna do every night  
ever since el primer dia the first day  
i knew it last forever if i had it mah way  
so the dayz go on  
no ago otra cosa  
but dream bout the moments our hearts will come  
closer  
holdin tu mano n ur face tan bonita  
neva met another young lady se?orita  
and that is why i gotta say that ur the best  
a million n 1 ways juz to express mi amor  
i know that we will b togetha  
so sing to me baby n sing for eva

chorus:

i wanna b with u always  
together for ever till our ending dayz  
hold me baby dont let go  
making luv like neva before  
i wanna b with u always  
together forever till our ending dayz  
hold me baby dont let go  
makin luv like neva before

makin luv in the nighttime walks n romance  
im tellin u hermosa my heart is in a trance  
they say that true luv is so hard to find  
i thank the man up above for makin u mine  
talkin on the telephone  
sendin u kisses  
a dozen of roses juz to say that im missin  
the warmth of ur body right next to mine  
eres tu la mejor like a toast to find wine  
out to the movies  
maybe sharing some ice cream  
si estoy dormido dont wake me from my dream  
todo lo q quiero is all i need is ur affection  
my life was fine but u brought perfection  
now we sit here juz holdin handz  
whispers in my ear  
tellin that i be ur man  
today ma?ana in a paradise for 2  
i feel the same way cuz im so in luv with u

chorus:

i love the way u make me feel  
my luv for u is oh so real  
embrace my body  
touch me softly  
luv me till the mornin  
i love the way u make me feel  
my luv for u is oh so real  
embrace my body  
touch me softly  
luv me till the mornin

u know that luv we share is juz something so special  
the tenderness  
i juz dont what to say girl  
what u say to me  
one more time do it like this  
c'mon

chorus:

i wanna get lost in luv with u  
n do all the things u want me to  
caress ur body touch ur soul  
cuz boy our luv is so  
i wanna b with u alwayz  
together for eva till our endin dayz  
hold me baby dont let go  
makin luv like neva before
