[Intro]

Baby baby I miss you I need you here with me my life is incomplete how I long to see your face I miss your pretty smile without you theirs no me.

[Chorus]

Tell me how can I move on show me how to carry on when your no longer there and tell me how can I be strong when my happiness is gone if your no longer there.

[Verse]

I close my eyes and let the rain fall from the sky and wish that I had never ever made you cry regardless of what circumstances be you kept your word and your promise to always honor me so what I gotta do to make this uyp to you hopw can I make you feel the love that I still have from you did I lose your trust did I lose my mind did I lose the gift the lord sent me from the sky I guess that you can say I kinda went to far played my selfious little games and broke your heart into a million pieces when you laid there and cried and all that I can do say im sorry I lied remember when I told you that the day that I die I want you to be the only one there by my side you have been my happiness my best friend my everything and even though my word means nothing ill be there till

the end

[Chorus]

[Verse 2]

How can I be strong knowing now that your gone I remenise ion the days you use to hold me in your arms shed tears every night something I've

never done before the life of a player wasn't worth
losing my girl
you're my world and I need you id do anything to see
your face over
again I lost more than just a friend till the end I will love
you will
never be replaced the emptiness inside me lived in this
of happiness
tell me how can I move on its like living a sad song just
to here you
breathe or the sound of your voice you were the light in
life I was
afraid to let you go the days go by don't want to live no
more if I
could touch you one last time show me a sign ill be
there i hold my head
down cause your no longer there but I know you in the
heavens looking
down on me how could the sweetest girl in the world be
taken from me.

[Outro]

Baby baby I miss you I need you here with me my life is
incomplete how I
long to see your face I miss your pretty smile without
you theirs no me.

[Chorus]
